Torbay Community Development Trust

4 - 8 Temperance Street, Torquay, Devon, TQ2 5PU

Imagine this... is a partnership involving 42 organisations working and supporting children, young people and families across Torbay. We deliver a wide range of community-based interventions and actively support the creation of new opportunities.

Our collective aim is to co-design and develop ways to work to provide effective solutions to the problems and challenges young people face. We want to work shoulder to shoulder with them to make Torbay a better place to grow up.

Guided by messages from children and young people the five key challenges we are working on are:

- *More spaces to hang out*
- *Reduced stress and anxiety*
- *Greater access for ALL*
- *Safer streets*
- *Ways to protect our environment*
